

NIPF Masterclass 12 - 14 April 2023

Application information

Naarden International Piano Festival (NIPF) 2023 will celebrate the legacy of the eminent Dutch piano pedagogue, the late Jan Wijn. As a tribute to Mr. Wijn and his significance as the teacher of today's generation of master pianists, NIPF Masterclass will focus on masterclasses for young piano talents, masters of the future.

In this form the NIPF Masterclass alternates with Naarden International Piano Festival and the Discovery Series, the next edition of which will take place in 2024.

Under artistic direction of Nino Gvetadze, NIPF Masterclass offers an excellent chance for young pianists to train and perform audition, competition or concert repertoire. Furthermore the participants will become part of the piano network of the NIPF at BIJ ANDREAS and its year-around concert programming dedicated to piano music.

NIPF Masterclass 2023 is starting with a concert of the teachers on 12 April. The following days the three internationally renowned master pianists will be giving public masterclasses in the familiar setting of atmospheric locations in Naarden-Vesting, such as the intimate BIJ ANDREAS.

On the final evening of 14 April the masterclass participants will be taking the stage.

Dates 12-14 April 2023

Locations in Naarden Vesting, the Netherlands
